**Product description**

Cute wood treasure chest with curved lid and metal clasp that you can colour and decorate any way you like. The little box might be just what you need – a jewellery box, a treasure chest or a storage place for small items. The small chest also has a raw wood look that makes it fit perfectly into a Scandinavian home. But the box can also easily become a fun part of children’s play as soon as they have finished painting, drawing and decorating it. No matter how you choose to use the box, you are guaranteed a lot of creativity that stimulates your brain in the right way. The wood box is practical for storing all kinds of things, and you can easily make it both personal and creative. If you choose to colour the chest, you can cover the lock with masking tape. Also remember to keep the lid open while the paint dries so that it doesn't stick together while drying.
